“The future cannot be predicted, it is prepared” – Jean-Louis Guigou.

- EXPERTISE

A key factor of success, Expertise is an unwavering criterion in the know-how and interpersonal skills of the company. We are Rigorous in all our approaches and we adopt an approach of Expertise for all the products we offer.

- **PASSION**

Passion for our sector of activity gives us the motivation to take on new Challenges and push our limits. It is this same Passion that pushes us to maximize the Satisfaction of our Customers and allows us to Serve them as best as possible.

- **BOLDNESS**

Our Passion allows us to be Bold and demonstrate Innovation. These characteristics allow each of our employees to participate in our Development.

HOW ARE YOU DIFFERENT FROM THE COMPETITION?

Our business model is based on the valorization of ingredients from little-used natural raw materials. Our goal is for the ingredient to have a global action. The benefit obtained is not linked to a particular component of the ingredient but to the ingredient as a whole. It's nature that does the work. And this both for structuring and sensory actions as well as for specific protective, restorative activities, etc. Our ingredients are obtained by the most natural possible treatment of the raw materials. They are almost all certified COSMOS natural or organic.

WHAT ARE YOUR KEY INGREDIENTS?

Virgin, deodorised and refined karanja oil / new concept of dispersions of TiO₂ and ZnO cosmos for natural sunscreen 50+ / patented composition for anti-pruritic hair treatments and fiber renewal / COSMOS antibacterial booster / COSMOS ORGANIC vegetable butters, structured ORGANIC oils for texture additions.

WHAT ARE THE DIFFERENT SERVICES OFFERED?

Technical support in formulation with our ingredients.

DO YOU HAVE ANY CERTIFICATIONS?

COSMOS RSE-ECOVALIDIS

HOW DO YOU SEE THE COSMETICS OF TOMORROW?

Natural, environmentally friendly, formulated in simplicity, close to consumers, tailor-made.
